Mr. and Mrs. Wilbur Myers

TESTIMONIAL DINNER HONORS MR. MYERS FOR 40 YEARS OF SERVICE AT GOULD

Seventy friends, neighbors, and colleagues attended a testimonial dinner at the Bethel Inn last Saturday night for Wilbur R. Myers, Bursar at Gould Academy for forty years, and friend and counsellor to all who knew and worked with him. George Bowhay, himself a veteran at the Academy, performed as Master of Ceremonies; Robert Hastings of East Bethel, long a trustee at Gould, was the principal speaker, and Richard J. Dolven, Headmaster, spoke feelingly of Mr. Myers' service to the school and presented him with a check. Other gifts included a Boston Rocker and a Captain's Chair, both inscribed with the Gould Academy seal, fishing equipment for Mr. Myers, a noted angler, and a set of matching luggage for his wife, petite and pretty Mrs. Polly Myers.

Wilbur came to Gould Academy in 1931 as an instructor in Commercial Subjects, went on to become coach of football, baseball, and winter sports, and finally Bursar of the Academy. He has held numerous positions of importance in town affairs, and has been honored for his services on occasions too numerous

to mention. He was the prime mover in developing skiing and skiing interest in Bethel and at Gould, and was Gould's first ski coach, having started a small area (with rope tow), on Vernon Street in town.

One of the original board of directors of Sunday River Skiway, he has been a most active promoter of this important phase of the Academy's outdoor athletic program, and in the process has gained deserved renown throughout secondary schools in Northern New England as a "human computer" in scoring ski meets.

Wilbur has been measurably valuable to Gould in ways made apparent by his awards citations, and by the positions he has held, and he has been immeasurably valuable in the literally countless tasks that he has undertaken (usually as a pinch-hitting-volunteer), over his 40 years at Gould.

On June 30, 1971, Wilbur Myers retires as Bursar of Gould Academy, and the warm affection and high regard of all who have known him follow him.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The annual drive to clean up old cars has started. People who have abandoned vehicles will be receiving notices to remove them by a specified date or face court action. The town will be divided into sections as there are so many it is difficult to inspect the whole town to see if any action is taken after receipt of the notice.

We are also going to place more emphasis on dog control. There are many complaints coming to the office because we have not enforced the ordinance rigidly. It is evident there has been some improvement within the village, but the outlying areas have been neglected. An attempt has been made to conserve on the costs of enforcement this year, so that we would have some idea of what we will need for an appropriation at the next town meeting. From the comments we are receiving at this time, we will assume a substantial amount will be needed.

The enforcement of the dog ordinance is parallel to our police coverage in that we receive complaints on their work because their work hours do not fit each particular problem. — Elwyn N. Dickey

S. A. D. 44 BOARD REVERSES SELF ON TEACHER NOMINATION AT MONDAY MEETING

The S. A. D. 44 board of directors held a special meeting at the Telstar Regional High School on Monday evening of this week.

Following an executive session of approximately one hour the board, by an eight to seven vote requested that Supt. Robert J. Gerardi nominate three teachers whose nominations were not approved at the April 5 board meeting: John Applin, Brian Dolley and Mrs. Wanita Wilson.

The board approved the nomination of John Applin to teach in the Mathematics Department at Telstar for the 1971-72 school year, by an eight to seven margin, one member abstaining. Directors desiring to have their names recorded as opposing the nomination were: Robert Day and Parker Allen of Woodstock; Bernard Brooks, Harry Swan and Raymond W. Seames of Greenwood.

The nominations of Mr. Dolley and Mrs. Wilson failed of affirmative action.

Since the April 5 action by the board considerable support of Mr. Applin has been evidenced by Telstar students, parents and other citizens of the District.

In other action the board tabled the nomination of a special education teacher at Crescent Park School until the next regular meeting.

The board granted permission for Our Lady of the Snows Church to use four classrooms at Telstar for CCD classes for two weeks starting June 21. Classes are to be held Monday through Friday from 9 a. m. to 12 noon. Use was granted subject to regulation by current board policy in use of school facilities.

Mrs. Peggy Crosbie, Bethel, commented that she had written to the Bethel board of selectmen regarding a side walk on Philbrook Street leading to Ethel Bisbee School. She indicated the request was made as a private citizen and not as a member of the board. Consideration of the request was indicated by the municipal officials.

Approval was granted negotiating requests as discussed and amended of non-certified personnel in the district. Included are bus drivers, custodians, maintenance personnel, matron, crossing guards, cafeteria personnel, at the district level.

DEAN SHIBLES TO BE GUEST SPEAKER TONIGHT AT TELSTAR COMMENCEMENT

Members of the graduating class of Telstar Regional High School and their guests will have the privilege of having Dean Mark R. Shibles as the guest speaker at the Commencement Exercises this Thursday evening, June 17, at 8 o'clock. Dean Shibles has recently retired from the University of Maine in Orono.

It has been said that his vision in educational matters has been the blueprint that moved public education forward in Maine for the past quarter century.

It might be said that he was personally responsible for the formation of a number of earlier school administrative districts and has had an influence on all 76 now in operation. Among the lasting results of his endeavors are the vastly expanded secondary school opportunities available to Maine youth.

School secretaries and teachers' aides had been previously approved.

Eddie Snyder of Andover, chairman of the board's negotiations committee, presented the requests of the administrators (elementary principals, secondary principal and vice principal). Tentative approval was granted to the proposals regarding: salary; length of work year; authorization for the superintendent to determine amount of administrator's salary to be designated as travel allowance, and to allow them an office in the home for tax deduction purposes, with the burden of proof the responsibility of each administrator.

Three points remain to be discussed of the administrators' requests, with action on these and on the entire package scheduled for the next session of the board.

In other action the board authorized the superintendent to seek legal advice when issuing contracts to staff members if, in his judgement it is necessary.

One director, Dale Thurston of Bethel, was absent from the Monday meeting. Staff members present were John Applin, Brian Flynn, Edward Flynn, Robert Hamor, James Johnston and Bernard Gatchell.

The next regular session of the S. A. D. 44 board will be held at the Andover Elementary School on Monday evening, June 21, at 7:30.

Chester Andrews

The sixth grade teacher for the past two years at the Woodstock Elementary School in Bryant Pond has been Chester Andrews, Jr. He came to District #44 upon his graduation from Bob Jones University, South Carolina.

For two of his college summers "Chet" worked at the Oxford Paper Company, Rumford, and his third summer was spent working for the Central Baptist Church in California. This church is among the largest churches in the United States and is located just four miles from Disneyland.

One might say that Chet is surrounded with teachers. His sister, Ida, taught at the Crescent Park School, Bethel, this year, and an older brother, Craig, is a teacher in West Peru. He met his wife, Karen, while at South Carolina and she is also a teacher. (Karen taught at Woodstock last year and will return to be with us again this coming fall).

He is the second oldest in a family of nine. His parents are Mr. and Mrs. Chester Andrews of West Sumner. Chet and Karen have a young son, Jeffery Neil, who is six months old and they reside at West Sumner in a new home which Chet built.

Besides skiing, Chester enjoys playing softball on the Church team, teaching a Sunday School class, and being the youth director for the West Sumner Bible Church. He was elected this year to serve on the Board of Directors in M. S. A. D. #39.

BRYANT POND MASONIC LODGE NOW USING REMODELLED HALL

On May 11, 1970, the last meeting of Jefferson Lodge, No. 100, A. F. and A. M., Bryant Pond, was held in its former lodge hall. The Masons have moved to a new location in the same building.

Masonry started in Bryant Pond in 1897 where the first meeting was held in Moody's Hall. The lodge soon moved to Perkins Hall and remained there until 1872 when it purchased from O. L. and H. F. Houghton the present hall. The lodge was dedicated Oct. 17, 1872. Alden Chase was master. The arrangement of the hall was: the Masons owned the top floor of the building, the Knights of Pythias owned the second floor, and the town owned the ground floor.

In December of 1970, the K. of P. order disbanded, and sold their third to the Masons. They started to remodel the hall.

D. D. G. M. Richard Demmon, Norway, presented the Lodge with a dispensation from the Grand Lodge allowing the Masons to move from their third story hall to the second floor location.

The Order of the Eastern Star held its first meeting in the new hall, Friday, May 14, and the Rainbow Girls held an installation there the following day.

The Masons plan a dedication in early June.

MEDICAL SELF-HELP COULD SAVE LIVES

Many lives could be saved this summer by Maine's citizens if free, leisure time study of the Civil Defense and Public Safety course, "Medical Self-Help" is accomplished. Emilien A. Levesque, director of this agency, stated last week.

During the past school year approximately 22,000 students have completed the special 11-hour course and over 3,000 adults have taken the 12-hour session, he added.

According to Mrs. Bonnie Rideout, Civil Defense's Community Services Officer, the course consists of 12-one hour lessons given by qualified instructors and has recently been updated to include the emergency treatment of people using or under the influence of drugs.

Applications should be made to a county or to the State Civil Defense agency to make arrangements for classes, she concluded.

HISTORICAL SOCIETY TO HAVE SPECIAL MEETING JULY 10

How to research your community and assure preservation of its historic landmarks was the topic of Ben and Natalie Butler of Farmington at the June meeting of the Bethel Historical Society last Thursday evening.

They brought with them the revised booklets they have written and published on different sections of the Farmington area. These are liberally illustrated with photographs they have taken. This husband-wife team—Mr. Butler is a practicing attorney, Judge of the Farmington Municipal Court until such courts were abandoned for District courts—have as their latest endeavor the Little Red Schoolhouse—where travelers in Farmington this year will visit for information services. The official opening of the restored school house is June 27 and Bethel Historical Society mem-

bers were urged to visit. The Butlers made it clear what an exciting experience it is "discovering" and recording the history of one's own area. It has led not only to publications so the history is not lost, but an acquisition of the historic Unitarian Church as well as the Little Red Schoolhouse.

Vice-President Ed Quinn, who presided brought up discussion of society projects, and appointed a committee chaired by Mrs. Christine Graver to operate a booth at the annual Mollycodd Day—also it was voted to reprint the Mollycodd Booklet originally prepared by Mrs. R. B. Tibbets and Miss Eva Bean.

The next meeting is a special one on July 10, at the home of the Edwards Quinns, Bog Road, Gilead—a pot-luck supper, with the Historic Society members as guests—those planning to attend are asked to notify the Quinns. Mr. Quinn will exhibit his railroad museum memorabilia, and talk on railroads.

Mrs. Elizabeth Carter announced that on Aug. 12, a change of date for the Society, they will have Park Shetleworth, Jr., of Portland Greater Landmarks Society, as guest speaker. Mr. Shetleworth will show slides of the historical building restoration around Maine. Those who have heard Mr. Shetleworth talk and seen the pictures, know that he presents an exceptionally interesting program. It will be a meeting open to the public and neighboring Historic Society members from Park Hill, Waterford, and Bridgton, are being invited to attend.

LETTER TO THE EDITOR

June 13, 1971

Editor, C. I.

This was a reasonable and decent article about Mr. Cosent in the problem with which we all are so vitally concerned: to ask us to express ourselves!

Not much could be added to the valid arguments of the students for an authorized smoke area, except perhaps for the aged truth that forbidden fruit is always tempting!

Permit it and the temptation fades! The surprising thing, however, is how understandable our adults are. How they do not understand that the kids are so passionately desirous of smoking because they want so passionately to be considered adults, to look like adults! And that no amount of reasoning will do any good! When it is not any more a mark of adulthood to smoke, the problem will be solved.

Sincerely,

Brenda Y. Hoyt or

GREENWOOD LITTLE LEAGUE
Sandra Dunham

"I've managed the team for four years and this is the first time we've ever beaten a Bethel team," grinned a very happy manager, Herb Dunham, Monday night. Eleven year old Bob Seames picked up the win for the Greenwood team, allowing two hits, striking out seven and helping his own cause by rapping two hits out of three at-bats. It wasn't as easy as it reads, as the Bethel Braves battled back in the

last inning and almost closed the gap, but fell one short. The final score was a narrow 6-5 with Bob well the losing pitcher.

The Greenwood Team is now playing with a 2-1 record and are getting off to one of their finer starts in years. Their one loss was the first game of the season played at Norway, in which Greenwood lost 10-8 in extra innings. Their other win came against Bryant Pond on June 9, with Greenwood again allowing but two hits, this time with pitcher Steve Swan. One of the hits was a two run homer by Kendal Keniston of Bryant Pond, which figured in the final score. Greenwood the victor 7-2.

New benches have been added to the field in Locke Mills and we urge all baseball fans to attend the home games. It is surprising the good baseball you will see exhibited in the Northern Oxford County Baseball League.

EAST STONEHAM

Gladys Kilgore, Correspondent.

Mrs. Vesta Nelson and I went over to Kezar Valley Ski Way Thursday and were surprised to see such a lovely place. The swimming pool is much larger than I expected to see. The sauna bath seemed a bit different, but was nice to look at. It seemed odd to see all of the former houses gone and many of the familiar places, where I used to go to pick berries have vanished. It is an ideal spot at any time of the year. On our way in we saw a deer feeding on limbs of the trees. She seemed quite tame as we stopped and watched her. As I am an animal lover, I thought that anything so lovely should have such a short life.

When you purchase jewelry it is necessary to seek a reliable concern, because once you are pleased with an article and ready to buy it, you do so on the represen-

tations of the man who sells it. That makes it vital indeed to know in advance that such representations are dependable. Let us consider diamonds. There are many different cuts and grades, and Day's Jewelry Store carries all of them. The personnel here will be glad to explain the merits of each and they are experts in every phase and we are glad to recognize their ability and fair manner of dealing as well as to commend them on the splendid spirit always evidenced in being public spirited on every occasion that has ever presented itself. The editors of this 1971 Town and Country Review compliment them on their honest business dealing and invite our readers to see them first.

GREENWOOD CITY

— Mrs. Colista Morgan, Correspondent —

Early this morning I noticed the garden refreshed from night and the bees at work on the flowers.

A wind swept over the farming land, shaking the grass like a banner waiting now for the mowers.

Swallows caught by the wind were blown about.

The processional clouds moved white above an earth rain-washed and clear.

From the moment I rose in the morning the pond reflected its blue; the blue of an emperor's gown about which I have read in a Chinese fairy tale, a petal blue declaring a sky of promise and "a something to do day."

Later as I walked to "Nymph" I flushed an oriole perched in a nearby tree. Maybe she was the same who had taken yards of my string.

I replenished it again and again and saw three different orioles take it plus a robin and a kingbird.

The robin now whickered loudly and I spied her nest in a birch.

I took my oars and pulled out into the warm sun.

The air was so soft I almost believed I could pick it up and hold it to my cheek.

I crossed the pond and entered an inlet which I could never explore with "Boat". The nests and the o-lee of the red wings were now where I traveled on snowshoes on those snow drifts of only yesterday. I remembered the mystery of those woods, silent, with shadowy light. Here in the violet dusk when night

cools, the peepers sing their flute-like songs.

I felt the maples singing for the birds shook the leaves with music. A lone duck flew squawking and quacking, only to settle again chuckling on the water.

In a few places grew a shrub with oblong leaves acutely pointed with flowers growing in racemes and very much resembling the blueberry blossom. I picked a few to see if I could find them in my flower book. I finally settled for the shade bush.

Coming back toward home the swallows began wheeling as they lined up like a string of beads.

A hawk appeared. He had seen the weaving lines of the brooks and rivers moving on towards lakes and ponds. Through the air he soared with precision marking his course.

His amber eyes were observing and his wings spread tirelessly. He saw the pond briefly then passed over and slid down to the marsh where the red wings chattered as they flew between swinging sedges.

The pond, a vision of brilliance with the greens of weeds and lilies revealed the richness of life all about.

The trees swept around, above, and below the shore line as their inverted pictures reflected in the water.

In the distance among the reeds the luxuriance and depth of foliage seemed to melt into the forest, thus whitening the division between water and land.

Securing "Nymph" for the night I left her where the moon would look down creating filligreed light patterns on her as it shown through the leaf cover.

Mr. and Mrs. Roland Hayes have gone on a fishing trip. Franze Mills, Shapleigh, was a caller at Clyde Morgan's on Saturday.

Mr. and Mrs. Pease, North New Portland, were visitors of Mr. and Mrs. Leonas Holt on Sunday.

Mr. and Mrs. B. W. Homans returned to Ipswich, Mass., over the week end to attend the graduation of their grandchildren. They plan to come back to Maine for the summer on Monday.

THERE IS NO DAD LIKE GRANDAD

We felt it was time that somebody put in a special word for Grandfather, for often Mother, Dad and even Grandmother pick up all the headlines. A great many grandfathers come into our pharmacy and they always seem to have an extra spry step—a good word and a twinkle in their eyes.

All older people get extra special attention from us. We carry a large stock of products, from geriatric medicines to home care convalescent aids. We realize that it is much more difficult for the elderly to recuperate from an illness or broken bones.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone in re-fill prescriptions. — Thank you.
